

ASKERN MOSS ROAD INFANT SCHOOL

Educational Visits Policy

Context

Askern Moss Road Infant School believe that educational visits are an integral part of the entitlement of every pupil to an effective and balanced curriculum. Appropriately planned visits are known to enhance learning and improve attainment, and so form a key part of what makes Askern Moss Road Infant School a supportive and effective learning environment. The benefits to pupils of taking part in visits and learning outside the classroom include, but are not limited to:

- Improvements in their ability to cope with change.
- Increased critical curiosity and resilience.
- Opportunities for meaning making, creativity, developing learning relationships and practicing strategic awareness.
- Increased levels of trust and opportunities to examine the concept of trust (us in them, them in us, them in themselves, them in each other).
- Improved achievement and attainment across a range of curricular subjects. Pupils are active participants not passive consumers, and a wide range of learning styles can flourish.
- Enhanced opportunities for 'real world' 'learning in context' and the development of the social and emotional aspects of intelligence.
- Increased risk management skills through opportunities for involvement in practical risk-benefit decisions in a range of contexts. i.e. encouraging pupils to become more risk aware as opposed to risk averse.
- Greater sense of personal responsibility.
- Possibilities for genuine team working including enhanced communication skills.
- Improved environmental appreciation, knowledge, awareness and understanding of a variety of environments.
- Improved awareness and knowledge of the importance and practices of sustainability.
- Physical skill acquisition and the development of a fit and healthy lifestyle.

Application

Any visit that leaves the school grounds is covered by this policy, whether as part of the curriculum, during school time, or outside the normal school day.

In addition to this Educational Visits Policy, Askern Moss Road Infant School

1. Adopts the Local Authority's (LA) document: 'Educational Off-site Visits and Adventurous Activities Guidance' with reference to OEAP National Guidance.
2. Uses 'Exeant', the web-based planning, notification, approval, monitoring and communication system for off-site activities.

All staff are required to plan and execute visits in line with school policy (i.e. this document), DMBC policy and guidance, and National Guidelines. Staff are particularly directed to be familiar with the roles and responsibilities outlined within the guidance.

Types of visit

There are three types of visit:

1. Routine local visits in the [can be covered by an 'Extended Learning Locality Statement' (See Appendix A)] – Cat. A
2. Day visits within the UK (outside of London) that do not involve an adventurous activity – Cat. B
3. Visits to London, and/or that are overseas, and/or residential, and/or involve an adventurous activity, and/or take place in a challenging environment- Cat. C

Roles and responsibilities

Visit leaders are responsible for the planning of their visits, and for entering these on 'Exeant' (where required). Using the 'Exeant' system, they are to obtain initial approval for a visit from the EVC (Headteacher) prior to formally planning, and certainly before making any commitments. Visit leaders have responsibility for ensuring that their visits will comply with all relevant guidance and requirements.

The Educational Visits Coordinator (EVC) is Mrs Katie Tordoff, who will support and challenge colleagues over visits and learning outside the classroom (LOtC) activities. The EVC is the first point of contact for advice on visit related matters. Initial approval requests for visits will go through to the EVC via the 'Exeant' system. At the point of initial approval the decision is made by the EVC as to whether the visit requires the approval of the Head. The EVC is the main point of contact between the LA and the establishment with specific reference to the 'Exeant' system and is responsible for the management of the 'Exeant' system with regards granting access to the system for establishment staff.

The Head Teacher has responsibility for authorising all visits via 'Exeant'.

The Governing Body's role is that of a 'critical friend'.

The Local Authority is responsible for the final approval (via 'Exeant') of all visits that are either overseas, residential, take place in a challenging environment (including London) and/or involve an adventurous activity for Local Authority maintained establishments. For establishments outside of Local Authority control, the LA acts in an advisory and consultative role providing guidance for such establishments.

Staff Competence

We recognise that staff competence is the single most important factor in the safe management of visits, and so we support staff in developing their competence in the following ways:

- An apprenticeship system, where staff new to visits assist and work alongside experienced visit leaders before taking on a leadership role.
- Supervision by senior staff on some educational visits.
- Support for staff to attend training courses relevant to their role, where necessary.

In deciding whether a member of staff is competent to be a visit leader, the Head Teacher will take into account the following factors:

- Relevant experience.
- Previous relevant training.
- The prospective leader's ability to make dynamic risk management judgements, and take charge in the event of an emergency.

- Knowledge of the pupils, the venue, and the activities to be undertaken.

Approval

The approval process is as follows for each type of visit:

1. Category 'A' - Local visits which involve transport purely by foot within the locality. They are either entered onto the 'Exeant' system or the establishment follows the 'Extending Learning Locality Statement' (Appendix A).
2. Category 'B' - Day visits within the UK that do not involve an adventurous activity, are not within London and do not take place in a challenging environment. These are entered onto 'Exeant' for initial approval by the EVC/Head and must then be fully submitted to the EVC for checking at least **14** days in advance, and then forwarded to the Head for approval.
3. Category 'C' - Visits that are overseas, residential, within London, take place in a challenging environment and/or involve an adventurous activity (see LA guidance for definition of 'adventurous' and 'challenging environment') are checked by the EVC, approved by the Head along with automatically being sent through to the LA (by virtue of selecting the adventurous and/or residential checkbox on 'Exeant') for approval or consultative guidance.

Emergency procedures

A critical incident is any incident where events go beyond the normal coping mechanisms and experience of the visit leadership team.

The school has an emergency plan in place to deal with a critical incident during a visit (see Appendix B). All staff on visits are familiar with this plan and it is tested at least bi-annually and following any major staffing changes.

When an incident overwhelms the establishment's emergency response capability, or where it involves serious injury or fatality, or where it is likely to attract media attention then assistance will be sought from the local authority.

Educational Visits Checklist

Askern Moss Road Infant School Educational Visits Checklist forms part of the risk management process for visits and off-site activities. This has been adapted from the LA's generic checklist. A visit should only go ahead if the answer to all relevant questions is 'YES'.

Parental Consent

The school obtains blanket consent at the start of each year for regular/routine activities that take place wholly within the 'normal' school day. Category A visits are covered by using the 'Extended Learning Locality Statement' (Appendix A) and parents/carers can be informed of visits via electronic means, newsletters or letter. For Category B visits that are less routine, parents/carers must be fully informed of the arrangements and acknowledgement received from parent/carers that they have received the information regarding the visit via a reply slip.

Specific, (ie. one-off), parental consent must be obtained for all visits that take place either partly or wholly outside of 'normal' school hours. For these visits, sufficient information must be made available to parents (letters, meetings, etc), so that consent is given on a 'fully informed' basis.

Inclusion

It is our policy that all children should be able to participate in educational visits. Where a child with a disability is eligible for a trip, we will make every effort to ensure that s/he is included. We may seek guidance from parents to help us adapt our programme, and we will make any reasonable adjustments to our itinerary to include a child with disabilities. Any such adjustments will be included in the risk assessment.

Medication:

Preparation for the visit must include the following:

1. Completion by all parents, carers of the medical information form.
2. Analysis of the returned forms to ensure all medical needs are catered for.
3. Designate a named Teaching Assistant to be responsible for all medication / medical requirements, the day before the visit.
4. All medication must be in its original container and named, with the correct proforma completed by the parents (see Managing Medicines in School policy).
5. Procedures for handling / transporting / administering medicines should be in line with the school Managing Medicines in School policy.
6. Consideration needs to be given to children with special needs / care plans, to enable them to fully participate in the activities planned, whilst maintaining appropriate health & safety.

Charging / funding for visits

Funding for off-site activities is provided mainly by parental contributions (voluntary). This must be made clear to parents in all correspondence about an educational visit at the planning stage.

No child may be excluded from an activity because of the unwillingness or inability of the parent to make a contribution. Parents will be informed of this principle through the school prospectus and letters sent home about intended visits.

The timetable for the payment of contributions should allow for the Headteacher to make a decision about the financial viability of the activity in reasonable time.

Transport

The costing of off-site activities should normally include any of the following that apply:

- transport;
- entrance fees;
- insurance;
- provision of any special resources or equipment;
- costs related to adult helpers;
- any refreshments the school has opted to pay for.

Transport arrangements will allow a seat for each member of the party. It is our policy only to use coaches fitted with seat or lap belts, and to insist that they be worn by all those

participating in the visit.

We instruct all children to attach their seat belts.

Insurance

LA insurance is used for all visits.

Other topics

Further health and safety considerations to safeguard the pupils on the visit:

All adults accompanying a party must be made aware, by the party leader, of the emergency procedures which will apply. Each adult should be provided with an emergency telephone number. This will normally be the school number, but where an activity extends beyond the normal school day the home telephone number of a designated emergency contact should be provided.

Before a party leaves school the school office should be provided with a list of everyone, children and adults, travelling with the party, together with a programme and timetable for the activity.

The safety of the party, and especially the children, is of paramount importance. During the activity the party leader must take whatever steps are necessary to ensure that safety. This involves taking note of any information provided by medical questionnaire returns, and ensuring that children are both safe and well looked after at all times.

Prior to an activity, if it is felt that the behaviour of an individual child is likely to compromise the safety of others, the party leader should discuss with the Headteacher the possibility of excluding that child from the activity.

More detailed guidance on procedures and requirements can be obtained from DfES and DMBC School Visits documentation in the health & Safety section of the filing cabinet in the annex to the Head's office.

Appendix A - Extended Learning Locality Statement

Boundaries

The boundaries of the locality are shown on the attached map. This area includes the following frequently used venues: e.g.

- *Alexandra House*
- *Askern Library*
- *St Peter's Church*
- *Askern Co-op*
- *Askern Spa Junior School*
- *Askern Lake*

We use this extended area on a regular basis for a variety of learning activities, and approved staff are allowed to operate in this area without completing the QES visit approval process, provided they follow the below Operating Procedure.

Operating Procedure for Extended Learning Locality

The following are potentially significant issues/hazards within our extended locality:

- Road traffic.
- Railway crossing
- Other people / members of the public / animals.
- Losing a pupil.
- Uneven surfaces and slips, trips, and falls.
- Weather conditions.
- Activity specific issues when doing environmental fieldwork (nettles, brambles, rubbish, etc).

These are managed by a combination of the following:

- The Head must give verbal approval before a group leaves.
- Only staff judged competent to supervise groups in this environment are approved. A current list of approved staff is maintained by the EVC and office.
- The concept and Operating Procedure of the 'Extended Learning Locality' is explained to all new parents when their child joins the school.
- There will normally be a minimum of two adults.
- Staff are familiar with the area, including any 'no go areas', and have practiced appropriate group management techniques.
- Pupils have been trained and have practiced standard techniques for road crossings in a group.
- Where appropriate, pupils are fully briefed on what to do if they become separated from the group.
- Pupils' clothing and footwear is checked for appropriateness prior to leaving school.
- Staff are aware of any relevant pupil medical information and ensure that any required medication is available.
- Staff will deposit in the office a list of all pupils and staff, a proposed route, and an estimated time of return.
- A school mobile is taken with each group and the office have a note of the number.
- Appropriate personal protective equipment is taken when needed (eg gloves, goggles)

Appendix B – Emergency Procedure

The school's emergency response to an incident is based on the following key factors:

1. There is always a nominated emergency base contact for any visit (during school hours this is the office).
2. This nominated base contact will either be an experienced member of the senior management team, or will be able to contact an experienced senior manager at all times.
3. For activities that take place during normal school hours, the visit leadership team will be aware of any relevant medical information for all participants, including staff.
4. For activities that take place outside normal school hours, the visit leadership team and the emergency contact/s will be aware of and have any relevant medical information and emergency contact information for all participants, including staff.
5. The visit leader/s and the base contact/s know to request support from the local authority in the event that an incident overwhelms the establishment's emergency response capability, involves serious injury or fatality, or where it is likely to attract media attention.
 - a) The visit leader will carry a 'Visit Leader Emergency Action Plan - VLEAP' and 'Phone Crib Card'
6. This Emergency Procedure is tested through both desk top exercises and periodic scenario calls from visit leaders.
