Operating Procedure for our Extended Learning Locality

The following are potentially significant issues/hazards within our extended locality:

- Road traffic.
- Railway crossing
- Other people / members of the public / animals.
- Losing a pupil.
- Uneven surfaces and slips, trips, and falls.
- Weather conditions.
- Activity specific issues when doing environmental fieldwork (nettles, brambles, rubbish, etc).

These are managed by a combination of the following:

- The Executive Headteacher or the Head of School must give verbal approval before the visit leaves.
- Only staff judged competent to supervise groups in this environment are approved. A current list of approved staff is maintained by the Senior Leadership Team.

ASKERN MOSS ROAD

- The concept and operating procedure of the 'Extended Learning Locality' is explained to all new parents when their child joins the school.
- There will normally be a minimum of two adults.
- Staff are familiar with the area, including any 'no go areas', and have practiced appropriate group management techniques.
- Pupils have been trained and have practiced standard techniques for road crossings in a group. (Our simple road markings in the playground are used to rehearse how we cross a road, and our children become well drilled and slick as everyone knows what is going to happen.)
- Pupils' clothing and footwear is checked for appropriateness prior to leaving school.
- Staff are aware of any relevant pupil medical information and ensure that any required medication is available.
- Staff will deposit in the office a list of all pupils and staff, a proposed route, and an estimated time of return.
- A mobile is taken with each group and the office have a note of the number.
- Appropriate personal protective equipment is taken when needed (eg gloves, goggles)
