## **Photograph Consent form**

**Dear Parent/Carer**

Across Leger Education Trust we take photographs of the children within our academies. We use these images as part of school displays and sometimes in other printed publications. We may also use them on academy websites and Twitter accounts.

If we use photographs of individual students, we will not use the name of that child in the accompanying text or photo caption. If we name a student in the text, we will not use a photograph of that child to accompany the article. If a child has won an award and the parent would like the name of their child to accompany their picture we will obtain permission from the parent before using the name with and image.

From time to time, our academy may be visited by the media who will take photographs or film footage of a high profile event. Children may appear in these images, which will sometimes be published in local or national newspapers, or on approved websites.

## ***Conditions of use***

This form is valid indefinitely from the date you sign it.

We will not re-use any photographs or recordings a year after your child leaves this school. Historic photographs will remain on our school website and social media feeds.

We will not use the personal details or full names (which means first name and surname) of any child or adult in a photographic image or video, on our website, on our social media platforms in our school prospectus or in any of our other printed publications.

If we use photographs of individual students, we will not use the name of that child in the accompanying text or photo caption.

If we name a student in the text, we will not use an individual photograph of that child to accompany the article.

We may include pictures of students and teachers that have been drawn by the pupils.

We may use group or class photographs or footage with very general labels, such as 'a science lesson' or 'dancing competition'.

We will only use images of students who are suitably dressed, to reduce the risk of such images being used inappropriately.

Websites and social media platforms can be viewed throughout the world and not just in the United Kingdom where UK law applies.
